

Partnership Packages for the Climate Walk by the Wanderers of Changing Worlds

Initial remarks: Beyond these predefined partnership packages we will work with every interested partner to find the best matching set of benefits for them and contributions for us.

	Official Project Partner		
	Summiteer	Traveller	Guide
General description	Our major project partners - the <i>Summiteers</i> - not only support us with a greater amount of money (or goods or services), but their take on climate change and action will be approached in multiple formats throughout our project.	The <i>Travellers</i> support us with a smaller amount of money (or goods or services). A few, locally and thematically bound mutual events will be realized around their take on climate change and action.	Instead of supporting us with money, goods or services, the <i>Guides</i> support us with their networks, social media outreach and deeper knowledge in specific thematic areas of interest for our project.
